CAPABILITY STATEMENT

Ekasys Inc.

Herndon, Virginia

CERTIFICATIONS

SBA Certified · 8(a) · WOSB

Ekasys is a mission-focused 8(a) and WOSB federal technology company delivering secure cloud, cybersecurity, DevSecOps, application modernization, data, AI, and IT operations solutions for civilian, defense, and national security agencies. We combine small-business agility, cleared delivery capacity, mature quality systems, and strategic partner depth to help agencies modernize critical systems with lower risk and measurable outcomes.

CORE COMPETENCIES

AI, Data & Analytics
AI readiness, document intelligence, and secure automation that turn agency information into faster mission decisions.

Enterprise Content Management
Content services, records management, and intelligent document processing that turn information stores into governed, searchable systems.

Cybersecurity & Compliance
RMF, FedRAMP, and ATO support, continuous monitoring, and zero trust roadmaps that keep federal systems accredited and defended.

Secure Cloud & DevSecOps
Agile application teams, APIs, CI/CD, and secure application modernization delivered with DevSecOps discipline.

Application Modernization
Legacy assessment, cloud migration, and workflow automation that move agencies off aging platforms and the manual processes running on them.

IT Ops & Service Desk
O&M, service desk, and monitoring that keep fielded systems running under disciplined SLA governance.

DIFFERENTIATORS

Small-business agility, enterprise discipline
An 8(a) set-aside can move in weeks, not quarters, paired with the delivery rigor agencies expect from far larger primes.

Engineering-led delivery
Engagements are scoped, staffed, and run by engineers. What gets proposed is what gets built.

Cleared delivery capacity
Cleared staff for work that cannot wait on a clearance pipeline.
